## MEXICAN REVOLTS MUST END

**After New Government  
Has Been Established in  
Mexico City**

### MESSAGE TO LEADERS

**Has Been Forwarded By  
Washington Officials Ask-  
ing Them to Eliminate  
Any Personal Differences  
That Might Exist Be-  
tween Them.**

(ASSOCIATED PRESS TELEGRAM)  
Washington, July 22.—Ambassador  
Damana of Brazil and Ministers  
Suarez of Chile and Naon of Argen-  
tina, the three mediators in the Mex-  
ican fair, appealed to President Wil-  
son today to have the United States  
use its influence with General Carranza  
to obtain a general amnesty for  
those who supported the Huerta gov-  
ernment.

It was the first formal call of the  
three mediators since the conference  
at Niagara Falls adjourned. They  
were accompanied by Secretary Bry-  
an and for nearly an hour discussed  
the Mexican situation in all of its  
phases. They expressed the view that  
Francisco Carbajal, provisional presi-  
dent of Mexico, who succeeded  
Huerta was ready to turn over the  
government to General Carranza but  
wanted guarantees that there would  
be no wholesale executions, arrests or  
confiscation of property.

They told President Wilson that  
Carbajal could not surrender uncondi-  
tionally and that unless these  
guarantees for the protection of the  
lives and property of those who sup-  
ported Huerta were given the Carbajal  
government would concentrate all  
its military forces and resist until the  
utmost any effort to invade Mexico  
City.

The president and Mr. Bryan  
listened attentively to the views of  
the South American diplomats, espe-  
cially as they indicated that their  
governments probably would be un-  
able to recognize any administration  
in Mexico which refused to give quar-  
ter to its enemy or establish itself by  
peaceful means in accordance with  
the civilized practice among nations.

They pointed out also the dangers  
of an armed entry of the constitu-  
tionalists into Mexico City and urged  
that the United States use every in-  
fluence to bring about a peaceful  
transfer of power.

After their talk with the president,  
Secretary Bryan and the three diplo-  
mats went to the state department for  
a conference.

That the influence of the United  
States was being relied upon by Pro-  
visional President Carbajal to obtain  
satisfactory terms with the constitu-  
tionalists was explained also today  
by Jose Castellot, personal representa-  
tive of Carbajal. The mediators con-  
ferred not only with Mr. Castellot but  
also with Emilio Rabasa, head of the  
delegation which represented Huerta  
at Niagara Falls.

Castellot was confident that the  
American government never would  
permit an arbitrary entry into Mexi-  
co City by the constitutionalists. He  
said the Carbajal government wanted  
no share in the future administration,  
no validation of the acts of Huerta,  
but simply guarantees for lives and  
property.

Word that the commission which  
will represent Carbajal in negotia-  
tions with Carranza had left Mexico  
City came to Castellot today. The  
commission departed without ob-  
taining credentials but since Carranza  
indicated to the American gov-  
ernment that he would receive the  
commissions, full instructions and  
authorization will be sent them.

(ASSOCIATED PRESS TELEGRAM)  
Washington, July 22.—Secretary  
Bryan's appeal to the two constitu-  
tionalist leaders, Carranza and Villa,  
to eliminate any personal differences  
that might exist between them, was  
interpreted in Washington today as  
the American government's prelimi-  
nary step to prevent counter revolts  
after the entry of Carranza into Mex-  
ico City. The appeal to Carranza was  
communicated through John R. Sill-  
man, President Wilson's personal rep-  
resentative who left Monterey to ac-  
company the revolutionary chief to  
Tampico. An early answer was ex-  
pected.

Both President Wilson and Sec-  
retary Bryan have reached the deter-  
mination that when the constitution-  
alist government is set up, revolutions  
in the southern republic must end.  
Mr. Bryan maintained that he had  
"nothing definite enough to make  
public" concerning the rift between the  
revolutionary generals, but it was  
known that rumors of a break have  
come from several authentic sources.  
One report stated that Villa was pre-  
paring to keep his army in Chihuahua  
and pay no heed to Carranza's au-  
thority. Mr. Bryan's telegram of  
appeal, however, did not assume that  
the reports were true. They sug-

## Ohio Man on Trial For Murder Suicides in Boston Court House

(ASSOCIATED PRESS TELEGRAM)  
Boston, July 22.—Lawrence Rob-  
inson, charged with the murder of  
Police Inspector Thomas J. Norton,  
committed suicide during last night.  
Robinson cut his throat with a steel  
shank which he had removed from  
one of his shoes. Since the opening  
of the trial he had been confined at  
night in a room of the court house.  
He was accused of shooting Norton  
while resisting arrest in the  
Boyleston cafe on June 19. The of-  
ficer was attempting to arrest him  
at the request of Michigan authori-  
ties, Robinson being wanted in  
Grand Rapids for the alleged murder  
of three clerks in a jewelry store  
during a robbery.

Robinson was placed on trial on  
Monday and taking of testimony was  
to have begun today. Several wit-  
nesses from Michigan and Ohio were  
on hand to testify for the govern-  
ment.

Joseph Duddy, a companion of Rob-  
inson, was arrested at the time of  
the murder charged with being an  
accomplice. He is being held to  
await a separate trial.

Robinson had sharpened the steel  
shanks on the iron bars of his cell  
window. The medical examiner  
found two wounds, one an inch and  
a half in length on the left of his  
neck that opened the jugular vein,  
and another of similar size where  
he had cut an artery in his left  
wrist. He bled to death quickly  
without having made an outcry.

A guard who visited the cell at 6  
o'clock this morning found the  
prisoner apparently in his usual  
health and saw nothing to arouse  
suspicion. On his next round a half  
hour later, the same guard found  
him dead, stretched out on his bed.  
The grim manner in which the  
man ended his trial for the murder  
of Norton, which opened Monday,  
was characteristic of him as he was  
known to local police. Since his ar-  
rest he had maintained a seemingly  
stoical indifference to the legal pro-  
ceedings and at no time sought to  
justify or explain the acts charged  
against him. He appeared in court  
faithfully groomed and seemed to  
regard the trial as something apart  
from himself.

The police had looked upon Rob-  
inson as one of the most desperate  
criminals with whom they have had  
to do in many years. Thirty-two  
years of age, he was a man of un-  
usual mental attainments and the

police so feared his resources that  
they had planned to hold him at  
night in the court building to avoid  
the daily trips to and from the jail  
during the trial.

Rumors were current that confed-  
erates from the West would attempt  
his release by force and these  
rumors were taken so seriously that  
the prisoner was constantly sur-  
rounded in the court room by five  
heavily armed officers.

Letters found in Robinson's effects  
and dated July 18, indicate that he  
contemplated suicide before his trial  
had begun. In a pathetic and re-  
pentant note to his mother and wife,  
he said:

"To my dear mother and to my wife,  
Dora Alice:  
"The loving sweetheart of my boy-  
hood days the only woman I have  
ever loved and who stuck to me  
through all the shame into which I  
plunged her, I bid a last fond good-  
bye, and if there is a God Almighty  
and another world I pray that I may  
meet you there."

"LAWRENCE."  
To Sheriff John Quinn, his keeper  
and to his counsel, John H. and Hugh  
C. Blanchard he wrote: "You're up  
against a hard game when you've got  
to die to beat it. It seems to be the  
easiest solution for the whole diffi-  
culty. I would not wait to go to the  
chair for the satisfaction it would  
give certain people and life or a long  
term in prison for manslaughter are  
worse than death and I know what  
I'm talking about. I hate this on ac-  
count of the sheriff, who though very  
strict is a man, and my attorney, Mr.  
John Blanchard and Mr. Blanchard,  
who have gone to an immense amount  
of trouble and expense to prepare my  
defense."

### MOTHER WAS TO HAVE TESTIFIED

(ASSOCIATED PRESS TELEGRAM)  
Columbus, July 22.—Lawrence  
Robinson, who committed suicide in  
jail at Boston, was born and reared  
in Washington C. H., O. His rela-  
tives, who are highly respected, had  
prepared to go to his defense in his  
trial. He was formerly an expert  
telegrapher and worked in this city  
for a number of years.

His mother, a resident of Wash-  
ington C. H., had planned to go to  
Boston to testify in defense of her  
son and it was said that a plea  
would be made that the latter was  
not mentally responsible.

## CUNNINGHAM PREPARED FOR WIFE'S DEATH

(ASSOCIATED PRESS TELEGRAM)  
Parkersburg, W. Va., July 22.—  
Samuel Cunningham, a farmer of  
Belleville near here is in the county  
jail awaiting a hearing on charges  
made by J. E. Mayhew, state humane  
agent. Cunningham, reputed to be  
wealthy, was arrested late yesterday  
on a warrant sworn to by Mayhew  
and charging first degree murder.  
Mayhew charges Cunningham starved  
his wife, Ann Cunningham, to death.  
It is alleged in the warrants that  
Cunningham not only failed to pro-  
vide his wife with food for twelve  
days prior to her death last Friday  
but that he purchased a coffin three  
weeks ago and began digging a grave  
a week ago.

## DIFFICULT TASK IS CONFRONTING THE MEDIATORS

(ASSOCIATED PRESS TELEGRAM)  
Chicago, July 22.—While the fed-  
eral board of mediation is endeavoring  
to bring about a settlement of the  
wage dispute between the western  
railroads and their engine men, it  
pledged to silence concerning what is  
done at the meetings here, it became  
known today that the task is a hard  
one.

"We are bound by solemn pledges  
to divulge nothing that is said on  
either side in the meetings," said W.  
L. Chambers of the federal commis-  
sion. "Nevertheless, I am at liberty to  
say that this is the most difficult task  
of mediation that ever has confronted  
this commission."

The managers committee of the 98  
roads resumed their argument today  
and the men's committee of 100 will  
have the floor again in the afternoon  
in accordance with the announced  
plan of the board, which will sit for  
an indefinite period.

The enginemen have voted to strike  
for a wage increase which they as-  
sert is moderate but which the rail-  
road managers say is a fifty per  
cent advance, amounting to \$33,000,  
000 addition to the wage account an-  
nually.

### MR. ROSSEL'S CONDITION.

The condition of Mr. Harry Rosell  
who is ill with blood poison at his  
home in Granville street, is very  
much improved today, and hopes for  
his recovery are now much brighter.

## TRAVELING MAN IS FINED FOR GIVING TIPS

(ASSOCIATED PRESS TELEGRAM)  
Jackson, Miss., July 22.—A. A.  
Sinclair, a traveling salesman yester-  
day was fined \$6 for tipping a negro  
hotel porter 10 cents. He is said to  
be the first person arrested under the  
state anti-tipping statute now two  
years old.

The negro also was fined a similar  
amount for accepting the tip. Sin-  
clair's fine later was remitted.

## POLICEMAN SHOT; MAN THOUGHT HE WAS A BURGLAR

(ASSOCIATED PRESS TELEGRAM)  
Burlington, N. J., July 22.—Thomas  
Rogan, 40, a policeman was shot and  
killed on the street here early today  
by Winfield Templeton, a friend who  
told the authorities that he had mis-  
taken Rogan for a burglar. Despite  
Templeton's explanation, the police  
are making a searching investigation  
of the circumstances of the shooting.  
Templeton told the police that his  
wife woke him and told him she  
heard noises on the sidewalk a few  
doors from their home. Templeton  
secured his gun and went to the  
front door of his home and when he  
saw the figure of a man in the dark-  
ness standing in front of a grocery  
store he fired. Templeton, accord-  
ing to the police said he was horri-  
fied to learn the identity of the man.  
Rogan leaves a widow and five  
children.

## PISTOL "TOTERS" MUST TAKE OUT THE LICENSE

(ASSOCIATED PRESS TELEGRAM)  
Columbus, July 22.—That mem-  
bers of a citizens organization formed  
for the purpose of running down horse  
thieves or other criminals cannot  
carry concealed weapons without  
taking out a license under the "pistol  
toting" law enacted by the legisla-  
ture in 1913, was the opinion rendered  
today by Attorney General Hogan. It  
is necessary for all who carry con-  
cealed weapons to have a license, the  
attorney general holds.

**AGED WOMAN STRICKEN.**  
Mrs. Sarah Haggerty, mother of  
ex-deputy Sheriff Charles Hinde,  
suffered a stroke of paralysis Tues-  
day about noon which affected her  
right side. Mrs. Haggerty is 87 years  
of age and it is feared the stroke  
will prove fatal as she is lying in  
an unconscious condition, being able  
to neither speak nor swallow.

## POLITICS FACTOR IN THE TRIAL

**French Government Con-  
cerned in Hearings of  
Caillaux Case**

### SCENES IN COURT ROOM

**Follow Comment of Attor-  
ney for Government and  
Hisses and "Bravos"  
Are Heard—Madame  
Caillaux On the Witness  
Stand Today.**

(ASSOCIATED PRESS TELEGRAM)  
Paris, July 22.—Politics was the  
predominating factor today in con-  
nection with the trial of Mme. Cai-  
llaux for the murder of Gaston Cal-  
mette, editor of the Figaro.

The French government was un-  
derstood to be greatly concerned in  
regard to the diplomatic documents  
mentioned at yesterday's hearing as  
having been in the possession of the  
assassinated editor. These docu-  
ments, it was stated, were later  
handed over to President Poincare  
who passed them on to the foreign  
office.

Senator Bienvenu Martin, acting  
minister of foreign affairs was up  
most of the night and an active in-  
terchange of telegrams took place be-  
tween him and Premier Rene Vivant,  
now in Russia with the president.  
Joseph Caillaux, the prisoner's  
husband and Fernando Labori, her  
counsel, made a vehement demand  
that the documents should be pro-  
duced in court. It is understood  
that the premier, anticipating such  
a demand, left instructions with his  
substitute at the foreign office as to  
what course should be pursued with  
the papers, which are in the foreign  
office archives.

While the court was assembling  
newsboys were shouting around the  
entrances to the palace of Justice an  
extra edition of Lebonnet Rouge, one  
of the journals in sympathy with M.  
Caillaux, which contained a page  
article denouncing the murdered ed-  
itor, Gaston Calmette. It affirmed  
that he had been in the pay of Ger-  
man interests and had in the eleven  
years preceding his death, been en-  
gaged in political and financial in-  
trigues by means of which he was  
able to leave \$2,600,000. The news-  
paper admitted that he had received  
two legacies, one of \$200,000 and  
another of smaller amount.

The moments after court had come  
to order the procurator general rose  
and said: "I am authorized by the  
government to declare that the docu-  
ments referred to in yesterday's  
testimony are only pretended copies  
of documents which do not exist."

Maitre Labori, the lawyer repre-  
senting the interests of the Figaro  
and those of Calmette heirs then  
said sarcastically: "I regard the in-  
cident as only an enjoyable diversion.  
It has pleased M. Caillaux to  
transform a criminal trial into a po-  
litical one. He intends to go from  
here with a certificate of loyalty to  
France. Much good it will do him."

The procurator general exclaimed  
that the honor and patriotism of M.  
Caillaux remained unstained.

Maitre Labori objected to the lan-  
guage used by Maitre Chenu.  
Georges Prestat, a brother-in-law of  
the murdered editor and chairman of  
the Figaro company was then called  
to the stand and emphatically de-  
nied that Figaro had been in the pay  
of the foreign banks.

The Germans he said, had never  
held the majority of the shares of  
the Figaro as had been alleged. He  
then read lengthy extracts from  
memoranda.

While M. Prestat was testifying  
M. Caillaux came from his seat  
among the witnesses and stood  
closer to the bar in order to hear  
better.

Maitre Chenu, commenting on M.  
Prestat's testimony said: "I will add  
that it does not become M. Caillaux  
to come here and endeavor to soil  
the grave which his wife made."

Then followed an exciting scene.  
Many of those in court rose from  
their seats and shouted and murmured  
until Judge Albalade was obliged to  
call the court to order with a severe  
reprimand.

M. Caillaux in a state of extreme  
agitation exclaimed: "Since I must  
take notice of what this lawyer has  
said I will ask him if he will take  
personal responsibility for his  
words."

Another sensation was caused  
among the spectators by this excla-  
mation and loud "bravos" for M.  
Caillaux were heard all over the  
court.

When the noise had somewhat  
subsided Chenu replied:  
"I take the entire responsibility.  
You cannot blame me here. You  
doubtless do not know the temper  
of the man whom you address."  
The disorder in court was so  
great that Judge Albalade threaten-  
ed to clear the chamber if the man-  
ifestation were repeated.

When quiet was restored Georges  
Fromentin, a sales clerk in the gun

**Mrs. Astor Too Much of An American to Like  
William Waldorf Astor, Expatriate in London**

Mrs. Waldorf Astor, daughter-in-  
law of William Waldorf Astor, who  
many years ago moved over to Lon-  
don, worth about \$50,000,000 left by  
his fathers and grandfathers, has be-  
come so outspoken in her dislike for  
him that a far reaching family row  
has resulted. Mrs. Astor was one of  
the Langhorne sisters of Virginia,  
and she believed in the United States  
like most Virginians. When she came  
back several months ago she made  
that very plain. She said she was  
going to bring up her young son as an  
American.

It was evident that she could not  
be fully reconciled to her father-in-  
law, who did not want his son to wed  
her at all. But having social charm  
and many friends, she had a position  
in English society apart from that of  
the expatriated Astor family.

Recently she made a remark about  
the older Astor's money bags, a re-  
mark so sharp that it hurt the mil-  
lionaire. The son, her husband, is  
said to have sided with her, and as a  
consequence Astor offered for sale two  
London newspapers which he pur-  
chased to boost his son's political am-  
bition.

## STRIKE ASPECT IN RUSSIA IS VERY SERIOUS

(ASSOCIATED PRESS TELEGRAM)  
St. Petersburg, July 22.—The strike  
situation in Russia took on a very  
serious aspect today when armed  
conflicts occurred in the streets and  
resulted in the wounding of many  
police, Cossacks and strikers.

Just outside the capital a passenger  
train on the coast line to Finland was  
held up by strikers, the engineer was  
forced to quit the locomotive under  
threat of being shot and the passen-  
gers all driven out of the cars.

The strikers, who numbered 300,  
then proceeded to cut down telegraph  
poles and raise obstructions on the  
tracks.

A detachment of Cossacks and  
gendarmes arrived quickly on the  
scene and drove off the wreckers.  
Traffic was then resumed but every  
train was convoyed by a locomotive  
with an armed escort.

At Riga the strike movement was  
reported to be spreading and it was  
said that 40,000 men in that city had  
struck work while in many other  
cities in all parts of the empire  
thousands of men were reported to  
have left their employment.

## A NEIGHBOR KILLS VISITOR FOR BURGLAR

(ASSOCIATED PRESS TELEGRAM)  
Akron, O., July 22.—Thomas  
Wolf, aged 45, was shot and instan-  
tly killed at an early hour at the  
home of his son-in-law, Fred Brown,  
62 Elmore avenue when he was mis-  
taken for a burglar by Anthony  
Olschieski, Brown's neighbor.

Olschieski knew the Brown family  
were away from home and when he  
saw Wolf leaving the house he opened  
fire. The first shot pierced Wolf's  
heart. Wolf rolled down the steps to  
Olschieski's feet. The slayer sur-  
rendered.

## POLICE FURTHER INVESTIGATE INTO DEATH OF BOY

(ASSOCIATED PRESS TELEGRAM)  
Cincinnati, July 22.—The police  
today are continuing their investiga-  
tion into the death of Harry Stein,  
of Miamisburg, Ohio, which occurred  
in a local hospital here yesterday af-  
ter he was struck by a Big Four  
freight train, late Sunday, at a  
street crossing in this city. It was  
believed that Stein and Robert Mil-  
ler, also of Miamisburg were riding  
a motorcycle but from later devel-  
opments the police are inclined to  
think the men were riding on the  
train, and when they tried to get off,  
Stein fell under the wheels. The in-  
quest will be held Friday morning.

## THREE CHILDREN FATALLY INJURED AT AKRON TODAY

(ASSOCIATED PRESS TELEGRAM)  
Akron, O., July 22.—Three children  
were fatally injured here at noon to-  
day when a stick of dynamite with  
which they were playing exploded.  
The injured are: Leroy Lind, aged  
10, of 1121 Ackley street, eyes  
blown out and fingers and part of  
lower limbs blown off;  
Lind, aged 7, a younger brother,  
badly mangled about lower limbs;  
Harry Lee, aged 10, of Ackley  
street, eye sight destroyed and part  
of lower limbs blown off.

The accident occurred in a ditch  
near the Goodyear Tire and Rubber  
company's plant. Pat Hutchinson,  
special officer at the Goodyear  
plant and former sheriff of Medina,  
witnessed the accident. He was first  
to reach the scene and rushed the  
children to the city hospital in his  
auto.

Windows in houses for a block  
distal were shattered and many wo-  
men and children were thrown into a  
panic.

The Lind boys are sons of John  
Lind, foreman of the Kenmore car  
barns of the Northern Ohio Traction  
company. He was notified of the  
accident by telephone and dashed  
though Akron at 60 miles an hour  
to reach the hospital.

phy of Columbus, Ohio, committed  
suicide at sea by jumping from the

to officers of the vessel which ar-  
rived here today from Cristobal. The  
body was recovered and later buried

of Panama.

## GRAND JURY WILL HEAR EVIDENCE

**Regarding Shooting of 4  
Policemen in Chica-  
go's Vice District**

### AN IMPORTED GUNMAN

**Is Said to Have Been  
Leader in the Plot to  
Slug and Maim Detec-  
tives of the Morals Squad  
—Released From Prison  
Last Spring.**

(ASSOCIATED PRESS TELEGRAM)  
Chicago, July 22.—All the evi-  
dence gathered by the state's attor-  
ney in connection with the shooting  
Thursday night of four policemen in  
the vice district was ready to be sub-  
mitted today to the grand jury.

Feeling his way into the tangle of  
influences in the vice district, Mac-  
Lay Hoyne, state's attorney, laid his  
hands on Rocco Vanelle, or Robert  
Vanelle, as he was known in Mon-  
tana, alleged imported gunman,  
wounded in the foot Thursday night.  
Hoyne declared that Vanelle was a  
leader in a plot to slug and maim the  
detectives of the morals squad and  
that the detectives were only saved  
by being involved in a sudden shoot-  
ing affray with two other policemen  
who took them for gunmen.

In spite of lack of confirmation  
from New York of Vanelle's eastern  
affiliation with New York gunmen,  
Hoyne declared that his information  
about the man was correct. "Big  
Jim" Colosimo, cafe proprietor in the  
vice district, arrested yesterday for  
obstructing justice, was free today  
in \$5000 bond and was to be ques-  
tioned before the grand jury.

Robert Vanelle was found guilty  
of murder in the second degree in  
Billings, Mont., Jan. 25, 1908, for  
the killing of Rafael Arosse. He was

# Splendid Lecture by Dr. Harvey W. Wiley at Redpath Chautauqua

\*\*\*\*\*  
LAST NIGHT OF  
THE CHAUTAUQUA.  
7:30—Joy Night. The Edwin  
H. Weeks Company.  
\*\*\*\*\*

Wednesday evening the Musical Society Entertainers held the stage at the Sixth street Chautauqua for the first part and gave an entertainment that was enjoyed by many. The company consists of four, two men and two women. One of the former is a whistler of more than ordinary attainments along this line, while one of the women showed some musical versatility and excellence of tone on violin and cello. The whistler gave a rendition of a melody from "Lucia," with piano accompaniment, and violin obligato which was enjoyable from a standpoint of novelty, and the fact that the soloist did something that few whistlers do—kept in tune.

The Floyds, magicians, entertained for the latter part of the evening, and gave a very creditable performance. Mr. Floyd did some clever "palmistry" and "sleight-of-hand" delusions, while his wife gave an exhibition of mind reading that was a wonder to the majority of the audience, who do not understand the law of thought transference, telepathy, and mental rapport.

Their entertainment concluded with a cabinet trick of disappearance and substitution which was the best seen in Newark for many years. The magician had himself secretly handcuffed and tied in a large canvas bag and strapped in a trunk. In this position he was placed in the wings and the curtain drawn. His wife entered the cabinet from the stage and in three seconds Floyd stepped upon the platform and the woman was found handcuffed inside the bag, which in turn was in the trunk.

Tuesday Afternoon.  
Declaring the average length of human life in the United States today is 44 years and that under proper conditions it should be prolonged to twice that number, Dr. Harvey W. Wiley, former chief of the bureau of chemistry of the United States Department of Agriculture, lectured at the Chautauqua. Tuesday afternoon on "The Public Health, Our Greatest National Asset."

Dr. Wiley emphasized the need of pure food and drugs more than he did the need of physical culture and sanitary conditions, basing his lecture on the statement that if the people ate proper foods their longevity would be doubled.

Quoting from the famous English Statesman Gladstone, Dr. Wiley said: "The health of the people is the wealth of the nation."  
Following is an epitome of Dr. Wiley's remarks:  
"The walth of Newark is not in its factories nor banks nor railroads nor commerce, but in the health and long life of its people. The motto of every community should be 'Safety First.' The health and welfare of the community should be cared for before its police, before its fire department, before the paving of the streets, before its public schools."

should be to provide clean sanitary milk from healthy cows for all infants artificially fed. In this way you will safeguard the infant's health and life. Out of every 1,000 infants born, 127 die before the age of one year. Most of these deaths are due to improper food. Children should be fed a simple natural diet, consisting largely of whole wheat and corn products and of properly cooked vegetables and fruits. Children cannot grow—on white-flour bread, sugar, candy, starch and puddings. This gives nothing out of which to build bone and teeth. Bad teeth in children are due more to imperfect diet than the lack of a tooth brush.

Grown people are entitled to pure food to keep them well and in pure drugs when they are ill. I have devoted 40 years of my life to this great problem. We are also entitled to be protected from infectious and contagious diseases.

"The average length of life in the United States today is 44 years. With pure food, pure drugs and protection from infectious and contagious diseases, the average length of human life should be doubled."

"There should be a good book in every house. If this were the case the divorce mills of the country might as well close. You can no more drive a man away from a good table than you can a cat. If you do drive him away, he will come back."

"Perhaps only a few of this vast audience will ever reach the proper term of life. Most of you will jump overboard from this good old ship the earth long before it reaches port. But when my gospel is adopted and put into practice you will stay aboard until the course of life is fully run. Then you will meet death at the end of the course—the twilight of life. And when you do meet him, you will not find him an enemy but a friend, and the passing to the next world will be simply euthanasia."

## 25 Years Ago

(From Advocate, July 22, 1889.)

"Twenty-eight years ago today," Major Nichols remarked to an Advocate reporter this morning, "I was in the city of Columbus, O., and the news of the battle of Bull Run was just coming in. The day was very similar to this one and great excitement and feeling prevailed over the disaster."

Newark possesses a valuable gold mine, which will yield a rich return if properly "worked." This is nothing less than the "Old Fort."

Miss Elizabeth King has returned from a trip to Columbus.

Hon. William Baker and his mother Mrs. I. W. Baker, left today to spend the summer in Virginia.

## 15 YEARS AGO TODAY.

(From Advocate, July 22, 1899.)

The new management of the Licking County Fair promise to make the exhibit this year a hummer. Mr. Geo. R. Taylor, president, and I. M. Phillips, new secretary, say that this is to be the biggest and best fair yet.

Miss Hattie Jones of North Fifth street left for Chicago this morning to visit Mr. and Mrs. David Evans.

While Mr. Harry Westbrook was visiting his aunt, Mrs. James Crawford, he was thrown from a horse, badly bruising his head and shoulder.

A small blaze occurred at the home of Mr. Perry Winters of Cedar street. The loss was small.

## Fifty Years Ago Today.

July 22.

General Hardee's corps of Hood's army made a desperate sortie from the Intrenchments east of Atlanta, striking the left flank of Sherman's army near Bald Hill. General J. B. McPherson, commander of Sherman's left wing, was killed. Hardee was partially successful and held the ground captured, but at a loss of nearly 10,000. Sherman lost 3,500.

Actors in New York city founded a protective association to affect wages and contracts.

## CARNIVAL WEEK BEING HELD AT GLASS PAVILION

This is to be a gala week at the Glass pavilion at Buckeye Lake Park. It is known as Carnival Week and the festivities begin this evening. Tonight will be devoted to the Serpentine dance, on Thursday evening watermelon will be served free to every one on the pier. Over 100 watermelons have been purchased for distribution. On Friday evening a rude dance will be given and many are planning quaint costumes, while the management of the pier will serve cider and doughnuts free. On Saturday evening all will unite for a general good time.

As an added feature for the pavilion a dancing team has been secured and a number of exhibitions of the new dance will be given.

## The Contest

Mr. Charles S. Binns, 98 Warren street, Columbus, made the contest editor feel good when he sent this: "Please accept my thanks for the box of Congress cigars, which arrived today, same being the prize awarded me as the result of my labors endeavoring to read the minds of the artists who drew, or the persons who suggested the pictures in your recent contest. I used to have some political aspirations but this is the nearest to Congress I have ever been fortunate enough to get. When I sent in my list I felt sorry for the other fellow who had his eye on that \$515.00, but it is different now, as I have seen 'The Handwriting on the Wall' and experienced 'The Fall of Man,' although I fought desperately, like 'A Man Overboard' and I will go 'Back to the Soil' where I can enjoy 'The Freedom of the Fields' and 'Leisure Hours With Nature' and await your next contest. Having had 'Just One Taste,' my 'Hopes and Fears' have been aroused even as those of 'Eleven Women and Thirteen Men,' and, although I was rather more than 'Forty Minutes Late' when 'The Man on the Box' read 'The Score,' I will be 'The Listening Child' for 'The Message' announcing your next contest when I will again be 'Out for the Coin.' Very sincerely yours,"

Miss Carrie Howland of Granville, writes: "I received my prize, the cut glass fern dish, and am delighted with it. It certainly is a beauty. It wasn't exactly what I aimed for, but it is all right."

Mrs. F. Van Dorn, 1381 East Long street, Columbus, writes: "I want to thank you also, the Sample Shoe House, for the courteous treatment I have received in your recent contest. It was fair in every way and gave some time in the future you will give me another contest. Success to the Newark Advocate, which I enjoy reading."

Seeks Divorce.  
That the defendant falsely represented that the plaintiff was the father of a child of which the defendant Elizabeth Neighbarger was about to give birth, and that she had him arrested on the charge of being the illegitimate father of the said child, and by these misrepresentations made him marry her before the child was born was charged in the petition of Cary Neighbarger for divorce from Elizabeth Neighbarger, filed by Jones and Jones in the probate court.

They were married on March 2, 1913, and the child was born on April 24 of the same year. He asks for divorce and further relief in equity.

## A STOMACH TONIC

There is a form of indigestion called "atonic" dyspepsia. Atonic means "lack of tone." It is probably the most common form of indigestion but not much is heard about it because people are inclined to group all forms of dyspepsia as "stomach trouble" and the doctors let it go at that.

Lack of tone in the digestive organs means that the stomach is no longer able to do its work as nature intended. The nerves that control it are weak, the glands that supply the digestive fluids are not working properly. Gas on the stomach, sour risings in the throat and constipation result. The cause of the trouble is thin blood. Stomach, nerves and glands are all dependent on the blood and when it gets thin and watery they are at once weakened. Dr. Williams' Pink Pills act directly on the blood and the first response from the stomach is a better appetite, freedom from distress after eating and an increase in ambition and energy generally. Try Dr. Williams' Pink Pills as a stomach tonic and see how your general health improves.

A diet book, "What to Eat and How to Eat" will be sent free on request by the Dr. Williams Medicine Co., Schenectady, N. Y. Every druggist sells Dr. Williams' Pink Pills.

## OBJECTION TO SEWAGE FROM SCHOOL HOUSE

GRANT STREET BUILDING TAPS DRAINAGE SEWER FOR SANITARY PURPOSE.

Service Director Notified by State Board of Health of Unsanitary Conditions.

The service department has received a notice from the state board of health regarding the present disposal of sewage from the Grant street school building, which is carried into the sewer that is better known as the Holler ditch, which drains a large portion of the western part of the city in the vicinity of Moundbuilders' Park. This sewer is a drainage sewer, and empties into the South Fork of the Licking river, south of Wehrle Park.

About a year ago the board of education "tied in" to this sewer from the Grant street school building.

Dr. W. H. Knauss, health officer, has objected to the matter and called it to the attention of the state board of health, with the result that it was brought up at the meeting of the school board Tuesday evening, but nothing definite was done owing to the adjournment of the meeting on account of the illness of President Christian.

This gentleman is also service director, and said this morning that the matter did not come under the operations of his department and he really did not know what could be done about making a change.

Mr. Christian further said that the service director was ordered to lay a drainage sewer on any street, and after doing this his work was finished. Not only in this case, but in many others, drainage sewers have been tapped for sanitary purposes by individuals, and he did not understand why the health officer should order the board of education not to use this sewer and allow others so to do without protest. The South Williams street sewer to be constructed soon is planned to also empty into this Holler ditch.

## CHAUTAUQUA ENTERTAINERS KEPT ON MOVE

To the average observer the administrative end of a chautauqua seems not as complex and intricate as it is in reality. The Redpath Chautauqua company employs enough talent for 72 programs, and the administration of the program end is as complicated as that of many of the large vaudeville and theatre booking agencies.

This circuit of the chautauqua includes four states and there are always seven chautauquas going on simultaneously, one in transit and one preparing for the entertainment in the town in which it is to show. Ohio, Kentucky, West Virginia, New York, and a part of Canada are included in the circuit. One chautauqua is opening, and another is closing every day. All of the chautauquas last seven days. Eighty people appear during the week in one chautauqua, and the talent moves every day. From here the talent went to Mt. Vernon. They came to this city from Zanesville and go to Columbus from Mt. Vernon. Under the Redpath direction there is now participating enough talent to give one continuous 65-day chautauqua and not repeat the same performance twice.

The chautauqua started at Urbana on June 28 and will close about the middle of September. There are eleven other circuits besides this circuit to which the chautauqua showing here belongs.

When the program here is concluded, 22 programs will have been rendered. The charge for the ticket for the entire 22 numbers was \$2.00. This made the charge for each separate number a trifle over nine cents.

From here the chautauqua will go to Bryan, O. However a different array of talent has been selected for Bryan than played in Newark.

Over six hundred tickets for next season were pledged Monday, and one hundred and fifty more names are needed in addition to those who have already signed to bring the chautauqua back to Newark next summer.

There are ten women's clubs, or more correctly, organizations, that compose the Newark Federation, all of them successful and flourishing in their activities.

They are the Progressive, Review, Research, Investigators, Unity Reading Circle, Monday Talks, Daughters of the American Revolution, Phototean, The King's Daughters and Coterie.

To State Hospital.  
Louis White was adjudged insane by Drs. H. D. Anderson and J. W. Baker in the probate court late Monday afternoon. White will be sent to the state hospital.

## Newark Chautauqua.

The Newark Federation of Women's clubs has developed into the most potent factor for civic improvement now before our people. The work of the organization is not along narrow lines, nor confined within limited boundaries but aims to exercise an influence that is healthful in the physical, mental and moral life of this community.

Better conditions among which to live are the aims sought, and this organization believes that when these are attained, a better citizenship will be a corollary.

The Federation is working in that province in which it can be most efficient, and where it is not hampered by any extraneous influences that might tend to handicap the methods used. It needs money, and gets it. But there is value received given for every dollar obtained, and there is no one who can justly utter a word of criticism about how the funds are spent. They could be used in any manner whatsoever, and the women who earned them could rightly reply to any critic, "The money is ours and we expect to spend it without dictation from any one."

In June the Federation employed a man during the month who kept the north side of the square clean. Every cent of expense was paid from its treasury, and the experiment proved that with a little co-operation on the part of merchants all the streets in the business section could be kept clean and healthful.

But the crowning achievement of the Federation thus far, in the successful week of the Chautauqua that closes tonight. With the material object in view of obtaining funds for carrying out plans for civic improvement, they kept in mind high ideals of method with the result that the members boldly undertook to bring to Newark, a portion of the greatest popular educational system of modern times.

There was work to be done and hard work, but these resolute women were never daunted. No position.

## July 22 In American History.

1749—George Washington at the age of seventeen was commissioned "surveyor of Culpeper county, Va."

1804—General James B. McPherson, commander of the Federal Army of the Tennessee, killed in resisting a Confederate sortie before Atlanta, Ga.; born 1828. This was known as "Hood's second sortie." It was aimed at the left flank of Sherman's army at Bald Hill, where McPherson commanded. The assailants captured and held ground, losing 10,000 men in the venture.

1903—General Cassius M. Clay, anti-slavery editor and Kentucky legislator, died; born 1810.

1906—Russell Sage, the financier, died; born 1816.

## By the Way

A load of hay passed around the public square this morning, creating as much interest as an automobile did ten years ago.

The man who puts in a day doing a good piece of work usually spends the next two days standing around admiring it.

No matter whether a charge is true or false, it can always be proven by reliable testimony.

An unmarried man considers love the greatest thing in the world. A married man considers peace the greatest thing.

If you wish people to take a genuine interest in you, you must be a heathen, an Indian or a criminal.

It is said of nearly every old bachelor "The young woman to whom he was engaged died just a few weeks before the date set for their marriage."

A drunkard is the best lecture on the evils of intemperance.

It is also to be regretted that so satisfactory an exercise as yawning should be deemed impolite.

The rule is that a good woman is never twice insulted by the same man.

## Speed Law.

Editor Advocate:—Since the evolution of electric street cars, automobiles and motorcycles it is well for the public to be advised as to the law of governing rate of speed on highways or streets.

In Ohio, an automobile is defined to be a "motor vehicle," and has the same rights to the proper use of the public highways as to such use, imposed by law. (99 O. L. 538.) Yet as a vehicle it is brought at once within the common law principles, so it can now be said that the law of the "motor vehicle" is an application of the old and settled principles to new conditions, and that the drivers of motor vehicles are upon an equality with, and are governed by the same rules as persons riding or driving any

other vehicle; for every citizen has the absolute right to choose for himself the mode of conveyance he desires, subject to the condition that he will observe the law on the road. Those who adopt improved methods of transportation or locomotion are not subversive of the rights of the other members of the public, and it is now well settled that the motor vehicle has as good a right upon the public highway as any other vehicle. A person driving a motor vehicle in any part of the street or highway used for the passage of vehicles, is exercising his legal right to its use. The owner, driver, or rider of any vehicle using the highway is required, however, to exercise due care—that care which reasonable prudent men use and exercise in the management of the ordinary affairs of life.

Pedestrians have equal rights in the use of the highways or streets of a city, with those riding or driving vehicles. Neither has any priority of right over the other. They owe to each other the duty to avoid collisions.

A person who uses the public highway is under certain restrictions as to speed. The use of immoderate speed upon the highways is negligence. The rate of speed must be moderate, and while a moderate rate of speed cannot be defined in terms of miles per hour, yet it should be proportioned to the dangers, and the place where one is traveling. A rate which in one place would indicate negligence might in another place, or under different circumstances, be neither reckless nor negligent.

Where there is a law governing the rate of speed as in this state, which is eight miles an hour in the business and closely built up portions of any municipality, that rate must be observed to free a rider or driver from negligence.

All foot passengers, including aged persons, women, and children, have an equal right to cross the streets, and all drivers of teams, carriages, motor vehicles, motor cycles, as well as electric and steam roads, are bound to respect their rights and regulate their speed and movements in such a manner as not to violate the rights of such passengers.

Our Supreme court of Ohio laid down this rule:

"The introduction of new forms of vehicles, and of new motive power on street railways, has not impaired the right of foot passengers to safe passage at street crossings. It is the duty of drivers of vehicles, whether in wagons, wheels or cars to so regulate the speed thereof, and give such warning of approach, at whatever costs of pains and trouble on their part, as that the foot man, using ordinary care himself, may, in the absence of unavoidable accident, cross in safety. \* \* \* and a person injured by reason thereof may maintain an action for negligence, unless prevented by his own negligence contributing to the injury."

It is well for the general public to know these rules and laws of governing the use of the public highways and streets, and then observe them. This is published by request.

## FOOT PASSENGERS.

Pedestrians should be suppressed. All motorists agree; long since they agreed to be a jest, and there's a nuisance now. There's nothing harder

than running over men; it gives the works a deadly jar, and wrecks the springs again. This spring I bought a new machine that took most all my pile; I filled its tank with gasoline, to try it for a mile; two neighbors got beneath the wheels—their nerve was cold and raw, and wonder that a driver feels there ought to be a law? It takes all pleasure from the same it spoils the joyous graft, to find that some wayfarer's frame is wound around a shaft. The walkers say they have a right to alley, street and lane, and just to demonstrate their spite, they let themselves be slain. Pedestrians will go too far; they're claiming now, 'tis said, that every man who runs a car should stop and plant his dead. With jealousy their breasts are tilted; since they can't ride in cars, they take delight in being killed, in gaining wounds and scars; by this they're hoping to create a sentiment adverse to this, the pastime of the great—could jealousy do worse? Our legislatures and our courts should shield us from such shocks, should guard the noblest of all sports, and jail the man who walks.

## Paragraphs

Thrift a Virtue.  
 Thrift, properly directed, is a great virtue and provides an umbrella for a rainy day, and sound sleep and longevity and other desirable devices and destinations. But some overwork it; never have any fun nor friends and finally die of overwork or dry rot, and there is great rejoicing among the lawyers and their kin. After the tightwad corners all the cash in sight he learns too late that money can't buy everything; unless he spends it, and that also hurts.—Atchison Globe.

Will Be a Democrat.  
 It is generally assumed that the associate justice to be appointed to the United States supreme court to take the place of the late Justice Lurton will be a Democrat. This is not based on the idea that it is a political office, but on the theory

that to name a Republican to a court of which there are now six Republican members and only two Democratic ones since the death of Justice Lurton, would be unwise. Political bias does not affect the decisions of the court but it is well to have the two groups that hold different views regarding fundamental principles of government represented.—Zanesville Signal.

Farmers Note This.  
 At the Ohio state experiment station at Wooster the crops have averaged, for a term of years, about twice as much to the acre as the usual yield of all grain in Ohio.—Zanesville Times Recorder.

Good Times Omen.  
 (Ohio State Journal)

Important industrial plants, especially providers of railway equipment, are taking on more men, and not by tens but by hundreds. Actual orders have increased somewhat, and there is confidence that more orders are coming. And so cheerfulness grows and broadens and deepens.—Chicago Herald.

Still we suppose efforts will be made to resist the influence of such reports in the interest of politics. If the great crops bring no good times let them come. If God is to run this country, who should stand in the way? Hail to the good crops and all their cheer, we say. No political party can deny that 930,000,000 bushels of wheat. Give it a welcome and scatter it among the people.

## THE CITY OF IT!

Business can create psychological conditions to suit itself or to browbeat an administration it would ruin if it cannot rule. It cannot control material conditions to suit any such purpose.

If there has been a conspiracy to this effect, the big crops are blowing it up and the railroads are hiring back the men they were recently discharging wholesale. The calamity howlers are being swept off their feet. The standpatters are running about with the cry of what can be done to save their exclusive contract with Providence through high tariff in the production of prosperity. And lastly, the Colonel is seen hunting around for the "grave" industrial depression and suffering, which he left the Outlook to save the country from.

It is a great pity, in the midst of these glowing promises for the industry of the many, to have to record the havoc wrought to the elect and those who battle for the Lord. But facts are facts.—New York World.

When a woman screams it is because of a mouse, and not because of a man.

## TO YOU, READER.

The Advocate will be glad to have its readers send to the Children's Sayings Editor an outline of the amusing or interesting things that their children or their friends' children say. ## HERBERT LEEDY

Little grandson of Mr. and Mrs. D. H. Leedy, 23 Holiday street, Newark. The picture was taken when Herbert was two years old. He is at his home in Columbus and the picture shows him in telephone communication with his grandmother in Newark.

Shortly after the demise of Katherine's grandfather one of her little playmates also died. After pondering the matter deeply one day she asked her mother, "Did grandpa go to heaven?" "Why of course," answered her mother. "Did Maissie go to heaven, too?" pursued the little questioner. Her mother replied in the affirmative to this also. "And have they both got wings?" asked Katherine. "Yes," said her mother. Then announced Katherine with confidence, "I bet you grandpa can beat her flying, anyway."

At a family luncheon at which three generations were present, the conversation was disturbed by a small voice calling insistently, "Grandpapa! Grandpapa!" For a time the old man devoted himself to his conversation and his salad, regardless of the voice which kept calling "Grandpapa." At last, compelled to pay attention to the interruption, he said something about little boys being seen and not heard, and the rebuke silenced the lad. When the meal was over "grandpapa" turned to his little grandson and said: "Now tell me what you want." "It is too late now, grandpapa." "Why is it too late?" "Because I only wanted to tell you there was a caterpillar on your lettuce!"—Toronto Globe.

George, in spite of the gentle diminutive by which he was known in the home circle, was a thorough Newark boy and a double handful to manage. His aunt, under the fond impression that she was offering an attractive incentive, said one day, "Now George, if you will be a good boy I'll take you over Saturday to see Mrs. Smith's new baby." Georgia glared up with an expression of contempt and said: "Aw, shoot the kid. Hain't they got no pups?"

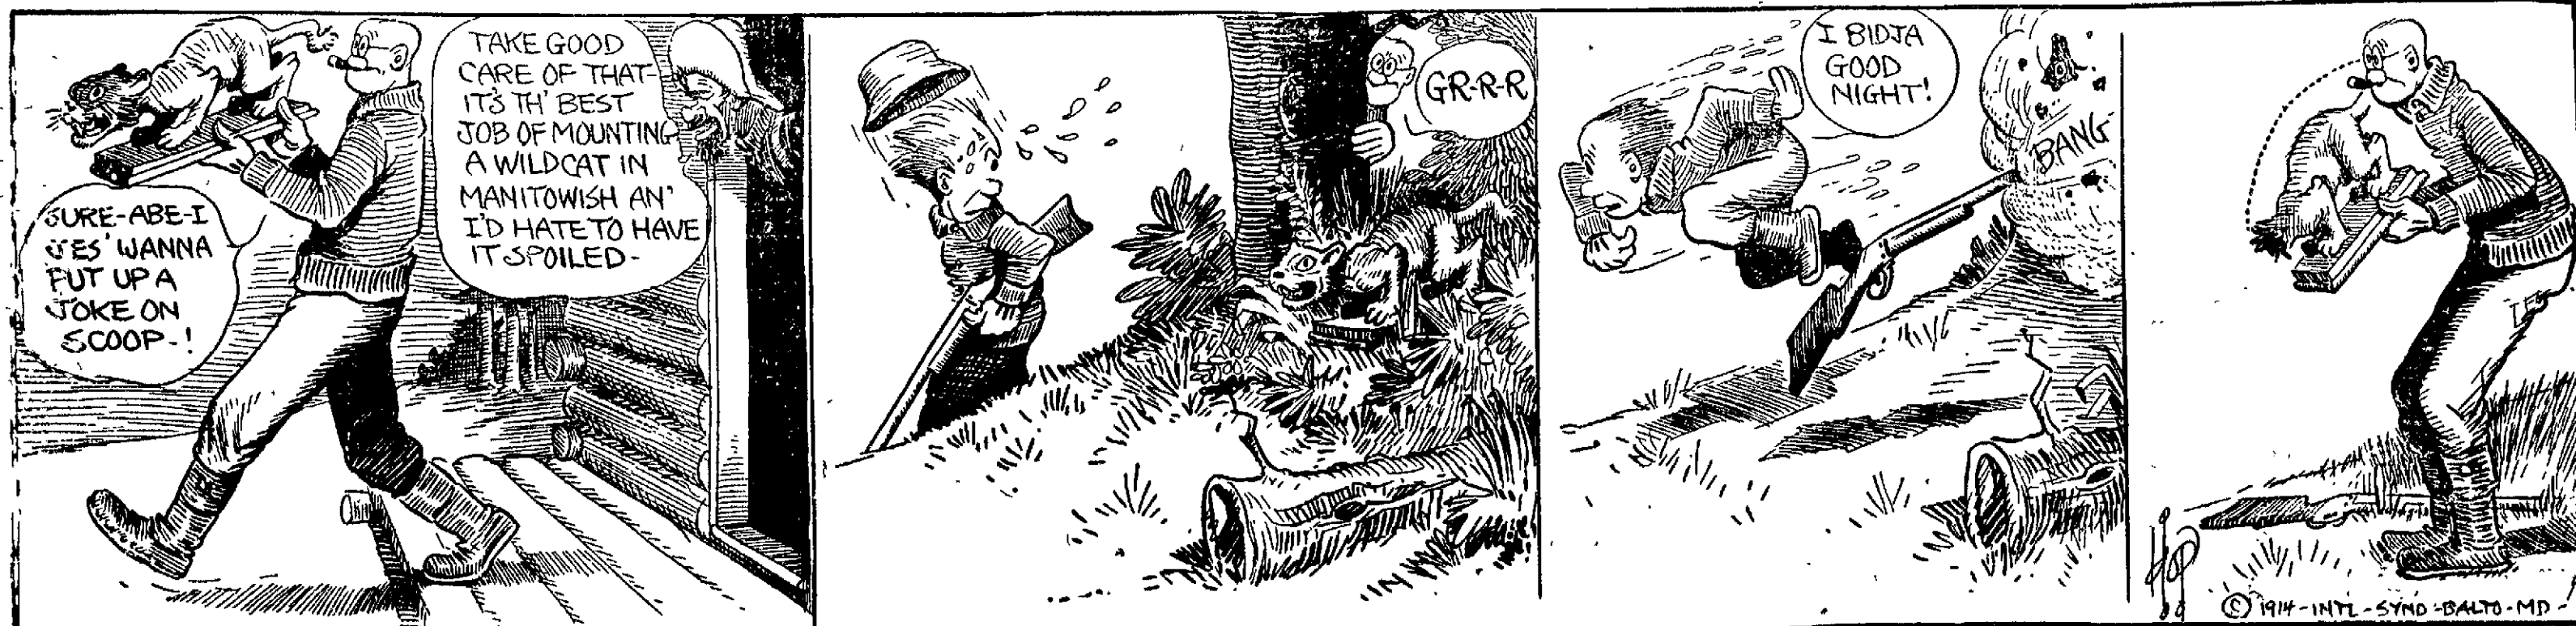

## Speed of High Altitudes.

One of the strong factors in trans-Atlantic flight is the increased speed at high elevations. As Dr. Bell explains, the rarer air offers less resistance to motion, but the propeller gives the same push from the same power at any elevation, since the rarer the air the faster the revolutions. A fifty-mile-the-hour machine, for instance, might easily make 60 or 70 miles if two miles above the earth's surface.—Philadelphia Public Ledger.

## ACCUSE HALF OF POLICE FORCE OF BURGLARY

(Associated Press Telegram) Rockville Center, N. Y., July 22.—Onehalf of Rockville Center's police force of six men are accused of burglary by warrants issued today. Two of the three men—Patrolmen Amos Voritzan and Henry Wickes—were arrested while on post; a third, Rudolf Peterson, on his vacation, is believed to be in Holyoke, Mass. The Holyoke police have been requested by wire to apprehend him.

Three trucks containing articles of every description, valued at approximately \$5,000, were found at dawn in the chicken coops of Voritzan and Wickes. The village trustees are trying to induce the prisoners to explain how the trucks happened to be there. Many unsolved robberies have been reported in the village since last fall when summer residents closed their houses for the season. The depredations culminated recently in the robbery of Arnold Huser's general store, opposite from police headquarters.

## CHANGE IN FACULTY OF HIGH SCHOOL

Board of Education in Meeting Held Last Evening Accepts Resignation of Teacher of Domestic Science.

The small amount of business and the dispatch with which that was transacted made the meeting of the board of education at the high school, Tuesday evening an extraordinarily short session. The meeting opened with members, Christian, Haight, Miller and Dewey present.

The resignation of Miss Lula Billman, head of the domestic science department of the high school was accepted, and upon the recommendation of Superintendent Wilson Hawkins in a letter from New York, Miss Edith Clarke, who has been her assistant during the past year, was advanced to the position of head of that department at a salary of \$800 a year. In his letter Mr. Hawkins also recommended that Miss Carrie Zentmeyer, of this city and a graduate of Ohio State University, be tendered the position of assistant to Miss Clarke. Upon the same motion which was made by Mr. Haight, Miss Zentmeyer was unanimously elected at a salary of \$600 dollars a year.

A letter was then read by Clerk James Dewey. The letter was from Health Officer Dr. W. H. Knauss which stated that if matters at the Grant street school were not remedied that the sewage system would have to be closed up. The sewers at the Grant street school connect with the sewer that is known as the Holler ditch. The matter will be investigated as it is thought that the sewage trouble was not caused by the ditch.

A letter was read by Mr. Miller from a local committee of Hungarians who desire the use of the high school auditorium for the evening of August 9. Joseph Toth represented the committee of Hungarians. They desire to bring some lecturers here for that evening who will lecture to them on topics relating to their naturalization and how to become good American citizens. They were granted the use of the hall for that evening.

Clerk James Dewey presented his bond, signed by himself and Dr. W. C. Rank. The bond was accepted.

The following bills were approved by the board:

The Licking Laundry, \$2.32, M. J. Reese, \$58.50; Wright & Ditson, \$52.32; Theodore Kundtz, desks, \$537.90; P. H. LeBrocq, \$80.50, Ohio Light and Power Company, \$45.90; Willis Handel, labor, \$13, American Book Company, \$20.40, Reinhold Plumbing and Heating Company, \$12.67.

## BALL PLAYERS ARE PROFESSIONAL MEN SAYS GOV. TENER

(Associated Press Telegram)

Tener, governor of Pennsylvania and president of the National League of Baseball Players, in an interview today upon his arrival here to review Pennsylvania national guardsmen in this camp.

"I am glad the strike is settled," continued Governor Tener. "However, I do not believe the settlement arrived at will be permanent owing to the belligerence of some of the baseball magnates."

"A strike such as was threatened is something new for me, and you know I have played baseball and have been interested in baseball affairs all my life. I am prepared for war," declared the governor, with a wink, "and after I am through 'inspecting and reviewing the soldiers here I believe I will be in a position to control the turbulent factions."

## NARROW ESCAPE FROM DROWNING AT BUCKEYE LAKE

Mrs. Clarence Snelling who with her husband were visiting friends at Buckeye Lake, met with an accident Tuesday night which might have proven serious had it not been for the timely aid of her husband and a couple of fishermen.

They had rowed to Orchard Island and Mr. Snelling left the pier and went to look for some friends. The sun being very warm, Mrs. Snelling decided to hunt the shade, and in attempting to leave the boat lost her balance and fell headlong into the water. Mr. Snelling returned in time to see her coming up. With the aid of a couple of fishermen who were near and witnessed the accident, Mrs. Snelling was rescued from the water. Her arm was painfully injured and she suffered a severe nervous shock.

Dr. P. H. Cosner gave medical attention upon her arrival in Newark.

## TO DARKEN HAIR APPLY SAGE TEA

A few applications of Sage Tea and Sulphur brings back its vigor, color, gloss and thickness.

Common garden sage brewed into a heavy tea with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant, remove every bit of dandruff, stop scalp itching and falling hair. Just a few applications will prove a revelation if your hair is fading, gray or dry, scraggly and thin. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of muss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant. ## SUPT. JORDAN MAKES FIRST NOMINATION

The new county school superintendent, Elmer W. Jordan, of Pataskala, Wednesday made his first nomination, selecting Superintendent George W. Brown of Woodsfield, Monroe county, to take charge of the Pataskala schools, made necessary by the resignation of Mr. Jordan to assume the county superintendency.

Mr. Brown is a graduate of Franklin college and holds both state and county certificates. He has had eighteen years experience in school work and is thoroughly qualified in every way for his new position.

Superintendent Jordan has nominated his first township supervisor by selecting Walter Howell of St. Louisville for Mary Ann, Fallsbury and Perry townships. The nomination no doubt will be ratified by the presidents of township boards.

A survey of the county school districts will be made and filed with the county auditor. If any boundary lines are changed the board may proceed without regard to township lines and they will also see that adjoining rural districts are as nearly equal as possible in property valuation.

In no case the school law provides, can the county board create a rural district containing less than fifteen square miles.

In all rural and village districts, where pupils live more than two miles from the nearest school the board of education must provide transportation to and from the school. When conveyance is thus furnished it must pass within half a mile of the residence of all the pupils, and if the rural and village boards fail to provide the transportation the law makes it compulsory for the county board to do so.

The county board must divide the county school district into supervisory districts and this must be done within thirty days after the organization which was completed at the court house last Saturday.

Provision has not been made as yet for an office for Superintendent Jordan in the court house but this will probably be done in the near future.

## NEWARK MAN IS AN EXPERT ROPE WALKER

Quite an unusual place has been selected by Orville Davis for tight rope walking. Down at Black Hand on Sunday Mr. Davis was performing novel feats in the air 60 feet above the Licking river over which he has stretched a rope. To balance himself Mr. Davis uses a piece of pipe 25 feet long which is weighted on the ends. Mr. Davis is a B. and O. fireman and has given exhibitions in the past. Many people learning of his intrepid feat were at Black Hand when he gave his exhibition. It is said that he is practicing for a public exhibition.

### MEXICAN

(Continued from Page 1.)  
gested the importance of co-operation in the constitutionalist ranks.  
The message to Villa was transmitted through Consular Agent Carothers. A reply was expected soon. Villa frequently stated that the only reason his forces had been concentrated in Chihuahua was to afford recuperation for them. They soon would start for the south to participate in the occupation of Mexico City, it was declared.  
Conference over the transfer of government to the constitutionalists probably would not take place until next week, it was suggested here today. Reports of the whereabouts of the three envoys to represent Provisional President Carranza still were awaited. They left Mexico City several days ago, and Carranza had promised them safe conduct through his lines. Francisco I. Calderon, who was received by President Wilson yesterday, probably will be one of Carranza's representatives at the conference. He will leave for Monterey this week.  
Hope for an early agreement between the contending factions was renewed here today by reports that Carranza had given assurances that "no nation need fear an indiscriminate taking of vengeance against the federalists. The case against each man, Carranza told representatives from Washington, would be disposed of with the 'procedure of civilized countries which have passed through a similar stress of civil war.'  
Carranza's errand to Tampico was not explained in dispatches received here, but it was suggested he went to investigate claims arising from constitutionalist activities there.

### MAJOR PLANK REFUSED AID.

(Associated Press Telegram)  
Douglas, Ariz., July 22.—Major Carlos Plank, special emissary of the Sonora land and tax commission, held in the Hermosillo prison for alleged insults to Governor Jose M. Maytorena, was refused aid by General Salvador Alvarado, constitutionalist commandant at Guaymas, in a telegram last night to officials at Agua Prieta Sonora according to reports sent here.  
General Alvarado explained that Plank is charged with a civil offense and that the military authorities cannot interfere. If convicted he would be subject to imprisonment for two years, it is said.

### EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush kidneys if bladder bothers you—Drink lots of water.

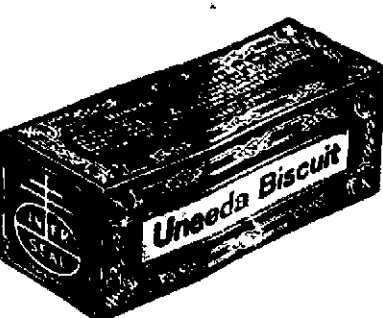

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.  
The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.  
Jad Salts cannot injure anyone; makes a delicious effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

## WILL BUILD THEATRE ON CANAL SITE

The plans for the new Keith theatre that was to have been erected by W. B. Mount and his associates on the W. L. Prout site, have been changed by the leasing of that property for a new depot for the Ohio Electric railway.  
Negotiations have been about completed by Mr. Mount for the purchase from the Canal Land company of a plot of ground, which was the bed of the old canal, between Third and Fourth streets, lying parallel with the Fleek & Neal wholesale grocery, and extending 200 feet west from Third street to the alley.  
Upon this ground, Mr. Mount says, in about two weeks will be commenced the construction of the new theatre building, and he will go to Columbus Thursday noon to get the plans as corrected by the state fire marshal and state architect. These will then be submitted to the architects in Lafayette, Ind., for approval or change and as soon as they are returned work will begin.  
The new theatre will be 50 feet by 102 feet, fronting on Third street. The front will be three stories high, and apartment flats will occupy the two upper stories. There will be a store room fifty feet in length on each side of the entrance, and the front will be designed to present a very handsome appearance.

The petition is a very voluminous one and alleges that the defendants leased 25 acres of the plaintiff's land and was to pay one dollar per acre for the lease of same and if oil was found in paying quantities was to deliver one-eighth of the oil produced to the plaintiff; that the companies have drilled three wells on adjoining land, are drawing oil from in under the land of the plaintiff, and have made no attempt to drill upon the land of the plaintiff as was specified in the lease.  
The Everett Oil and Gas company assigned the lease to the Edward H. Everett company who drilled the wells. The plaintiff alleges that they are both the same company.

Another gunsmith's employee said Madame Caillaux had practiced in the range under the store. Three of her six shots struck a target the size of a human figure.
